The Loblaw® Fall Diabetes Program is upon us!

From September to November, Loblaw's Annual Fall Diabetes Program offers various benefits to your patients including free diabetes-friendly cooking classes, dietician led store tours and information sessions led by pharmacists and dieticians. For more information, please contact Nicole Morreale at Primacy Management.

Keep in touch

- **Insurance Certificates**

Remember to send us your current insurance certificate. Contact your insurance company or broker to make sure that Primacy Management and Loblaw Properties Limited are listed as additional insured, as per your sublicense agreement.

- **Your Website**

Your business page on www.health-local.com is a valuable tool for your patients. Please ensure that all information is up to date. If not, contact your Regional Representative at Primacy. Common updates such as revised hours, list of physicians and/or services offered tend to coincide with seasonal changes.

- **Primacy TV**

Is your Primacy TV displaying current monthly content? Would you like to add content specific to your clinic (such as hours or services offered) for patients to see? For Primacy TV related inquiries regarding current content or advertising possibilities, contact Eric Sorensen.

Maintenance Corner

We're here to help!

Call your Regional Representative at Primacy for any of the following:

- HVAC or Electrical problems
- Stained ceiling tiles
- Plumbing troubles
- Pest control
- Roof leaks

For urgent or store related issues we advise you to contact the store manager on site. These could include:

- Merchandise blocking your entrance
- Garbage disposal
- Lights burned out
